

Explore innovative

A stylized, colorful illustration of a landscape. The background features rolling hills in shades of green and blue. In the foreground, there's a yellow field with a red path leading through it. On the left, a blue trellis is covered with green vines. A brown beehive is visible on the left side of the field. The overall style is flat and graphic.

Integrated lectures, case studies, and field visits.

Group projects focused on developing and presenting innovative CE solutions.

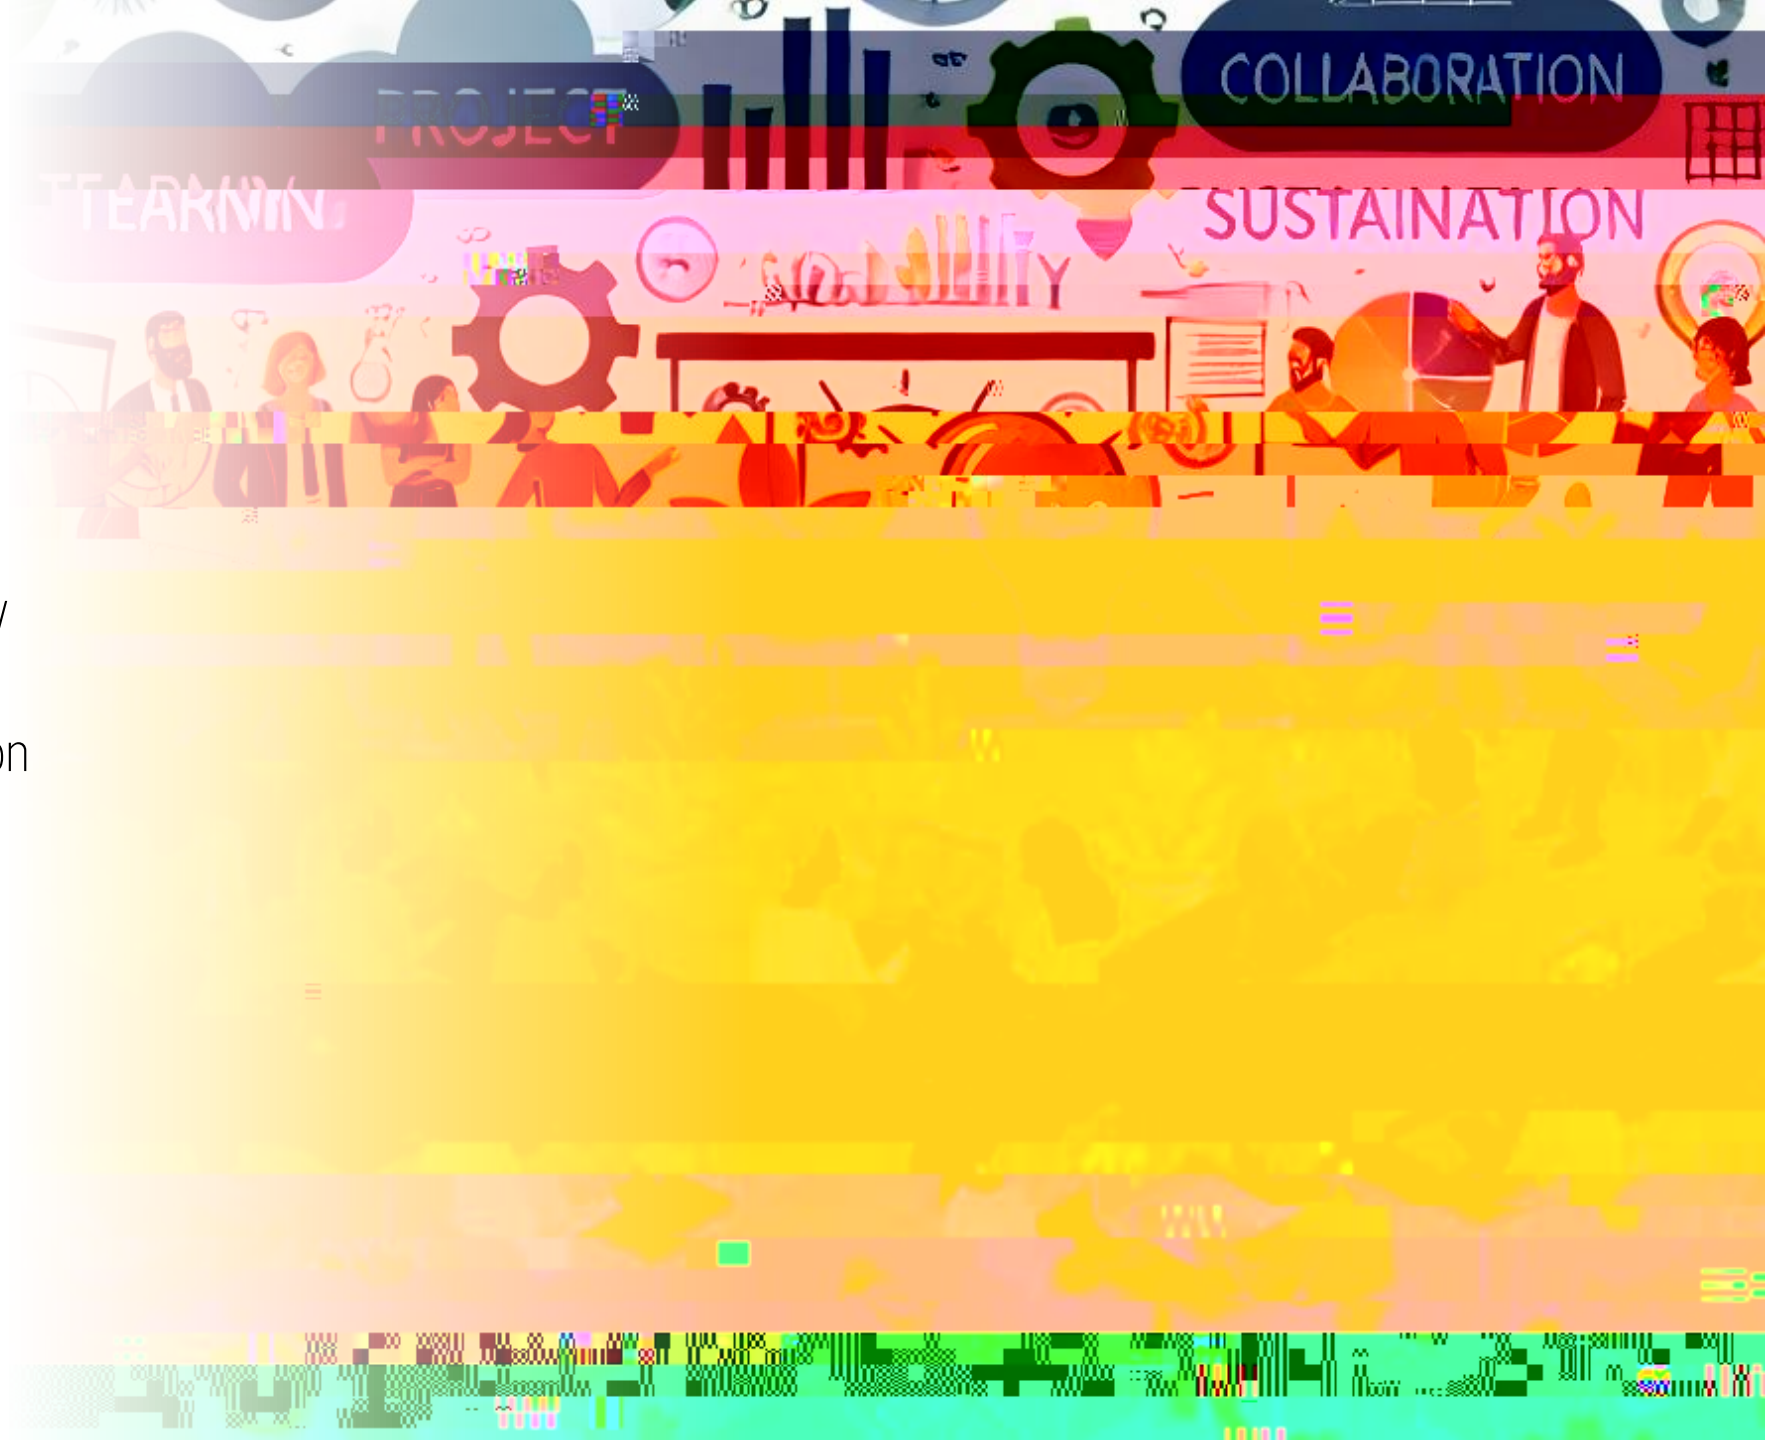

Real-world application through collaboration and field-based learning.

Monday: Entrepreneurship in CE; Circular Business Models; Open and Collaborative Innovation.
